

## REMARKS

Claims 2-4, 6-9, 11, 13-16, and 18-25 are now pending in the application.

Claims 1, 5, 10, 12 and 17 are now withdrawn from consideration.

Claim 10 was objected to.

Claims 23-25 have been allowed.

Claim 4 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which the applicant regards as the invention. Claim 4 has been amended to state that the control member is made of aluminum, steel or plastic. Basis for amended claim 4 can be found in the specification on page 6, lines 23-25.

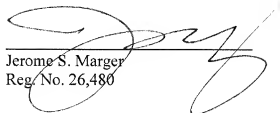

Claim 10 has been deemed allowable but is objected to as being dependent upon a rejected base claim. However, claim 10 would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Dependent claim 10 has been cancelled. Independent claim 7 is now allowable since it has been rewritten to include the language of dependent claim 10.

Claims 23-25 are allowed. Independent claim 1 has been cancelled and dependent claims 2-4 and 6 have been amended to depend from allowed claim 23. Therefore, amended claims 2-4 and 6 are now in allowable form. Independent claim 12 has been cancelled and dependent claims 13-16 and 18 have been amended to depend from allowed claim 25. Therefore, amended claims 13-16 and 18 are now in allowable form. Independent claim 19 (and claims 20-22 dependent therefrom) has been amended to include the limitation, the language of which has been deemed allowable by the Examiner, that the system further includes "a window formed on a side of the frame for inspecting the upward and downward movement of the second bars". Therefore, amended independent claim 19, and claim 20-22 dependent therefrom, are now in allowable form.

For the foregoing reasons, reconsideration and allowance of claims 2-4, 6-9, 11, 13-16, and 18-25 of the above-identified patent application as amended is requested. The Examiner is encouraged to telephone the undersigned at (503) 222-3613 if it appears that an interview would be helpful in advancing the case.

Respectfully submitted,
